A FARM DECREASE

BUT THE ACREAGE INCREASED 600,000 ACRES.

TWO CLASSES INCREASE

The Very Small and Very Large Farms Have Increased in Number—Other Classes Show Decrease.

There were 7,642 fewer farms in Missouri in 1910 than in 1900. This is a decrease of 2.7 per cent. Since Missouri farmers were operating 600,000 more acres in 1910 than in 1900, these facts denote an increase in the average size of a farm. The average Missouri farm in 1900 contained 119.3 acres. By 1910 the average size had increased to 124.7 acres.

This increase is not characteristic of the whole United States. Considering the entire country, farms decreased eight acres in size during the given decade. For the same period, the acreage in farm lands increased 5 per cent. In 1910 the farms of the entire country averaged 138.1 acres.

The classes of Missouri farms that have increased in number include those three to nine acres and 100 to 999 acres in size. All other classes show a decrease in number, that of very small farms (under three acres) being 69 per cent.

S. D. Gromer, secretary of the University of Missouri in commenting on these shifting conditions in the University Missourian at Columbia, says: "There are many causes back of these conditions. The decrease in size of farms for the country as a whole may be attributed to the breaking up of the Western ranches. In the South the old plantations are still being broken up into twenty or thirty acre tracts—sizes conveniently farmed by the negro and his mule. The number of large farms is decreasing because such farms are not economic producers. Management becomes more difficult as size increases.

"That more city people are going into gardening is indicated by the increased number of small farms. The census report explains the decreased number of farms of garden size as due to different interpretations of enumerators as to what constitutes a small farm. Farms from nine to 100 acres are not able to use large machinery with advantage.

"The farm is decreasing in size in all divisions except the North Central States. Here the country is well adapted to heavy machinery. Farm borders have been pushing out since the advent of heavy machinery. The shifting in size of farms is clearly an economic movement."

PREVENTIVE MEDICINE.

Bulletin on Typhoid Fever.

A bulletin on typhoid fever has been issued by the University of Missouri. This bulletin describes in simple language typhoid fever, how it is transmitted, and how it may be prevented. This bulletin will be distributed free of charge to all citizens of Missouri. Those desiring a copy should send their names and addresses to the Department of Preventive Medicine, University of Missouri.

Those who have requested a copy of the medical series need not apply unless they fail to receive a copy of the bulletin.

"The Meanest Man."

Sam Jordan in the Missouri Farmer says:

"The meanest man" I think lives in Maryville. He is the man who said when the "hats off" rule went into effect in their church that the chief thing he noticed was that the preacher looked older than when he last saw him.

I do not so much mind not being able to see the preacher, but when a fellow cannot see the choir it is tough. There is some comfort though in that hat business after all. I can hide behind one and sleep right nicely and the preacher cannot see me.

Mises Fay and Fern Alloway of Arkoe were in Maryville Tuesday.

THE MEN'S CLUB BANQUET.

Held Tuesday Evening at the Presbyterian Church—Discussed Church Matters.

The Men's club banquet held at the Presbyterian church Tuesday evening was a great success and was well attended. Matters of interest to the church were discussed. A talk on the Sunday School baseball league and also as to changing the date for the Men's club meetings were spoken of. The date of the monthly meeting of the club will be taken up by the executive committee and probably some other night except Tuesday selected.

The speakers at the banquet were S. G. Gillam, Dean G. H. Colbert, Prof. Swinehart, Rev. S. D. Harkness, George Demott and Roy Curfman. The following are those that were in attendance at the banquet: Prof. Swinehart, W. H. Crawford, Goff Crawford, Rankin Lyle, Harvey Peterson, Roy Curfman, H. G. Barton, J. H. Gray, Fred French, L. O. Goble, S. O. Hutchinson, J. D. Richey, Phillip Colbert, Prof. G. H. Colbert, T. J. Hurley, Rev. S. D. Harkness, C. A. Wadley, W. G. Sawyers, M. G. Tate, Forest Gillam, S. G. Gillam, Elmer Trueblood of Oklahoma City, Prof. J. H. Cameron, Joseph Jackson, Sr., Joe Farmer, Kenneth VanCleve, Harold Sawyers, Fred Lewis, Martin Lewis, John Spickerman, Fred Vanderstoot, Fred Hutchinson, Cleo Lash, Kirker Sawyers, John Murry, Wm. VanCleve, George W. Demott, Harley Hughes, Paul Leffler, Will Hutchinson, D. E. Hotchkin and Ralph Hotchkin.

ROAD MAN AT HARMONY.

Dr. B. H. Heidel of National Highway Department Held Meeting at Harmony Church Monday.

Dr. B. H. Heidel, senior engineer of the national highway department at Washington, D. C., held a good roads meeting in the Harmony church east of Maryville on Monday afternoon. It was largely attended and Mr. Heidel, after an inspection trip over the roads in that vicinity, gave his hearers some advice on what to do with the roads in that community. It was a very interesting talk and was well received by his hearers.

Dr. Heidel came to Harmony community as a result of Rev. C. R. Green, the pastor of the church, having carried on a long correspondence with him. Dr. Heidel left Monday evening for St. Joseph and will go from there to Columbia.

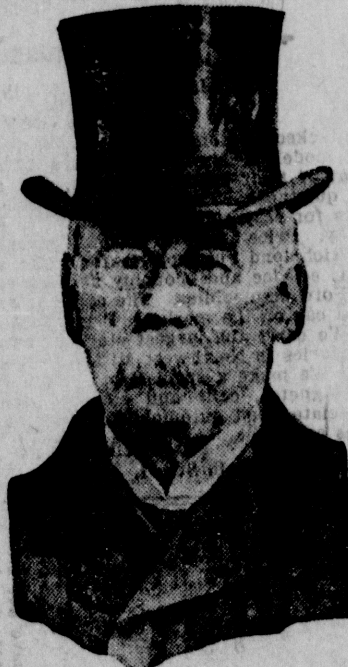

Miss Mabel Miller went to Kansas City Wednesday morning for a few days' visit with relatives. Miss Miller will be met there by her niece, Miss Lucy Griffin of Claremore, Okla., who will accompany her home for a summer's visit.

Mr. and Mrs. W. N. Morgan of Parnell visited over Tuesday night in Maryville with Mr. and Mrs. George Lucas. They were on their way home from a trip to St. Joseph.

G. B. Holmes went to Bolckow Wednesday morning.

THE WEEK'S PROGRAM

Baccalaureate Sunday Night, Class Program and the Class Play Tuesday, Commencement Wednesday.

The Normal commencement week will commence with the baccalaureate sermon to be given Sunday evening at the First M. E. church by Rev. Claude J. Miller of the Christian church. On Tuesday afternoon, the class program will be given at the Normal auditorium at 3 o'clock, and the following is the program as announced today:

Music by Junior chorus.
Class oration by Addie Petree.
Reading by Elsie Dunn.
Solo by Alice Ficklin.
Class prophecy by Ruth Beggs.
Class will, followed by presentation of a senior relic to the juniors, by James Faris.

Piano solo by Helene Young.
Planting of class ivy on east tower of Normal and dedication speech will be by Clarence Jones.

On Tuesday evening, the annual senior class play will be given in the auditorium of the Normal. The play is entitled "Lost, A Chapter," and the players are: Frank P. Miller, L. A. Zeiff, Clarence Jones, Fred Lewis, Orlo Quinn, James A. Farris, Misses Ruth Beggs, Verda Miller, Georgia Wood, Dollie McDonald, Edith Neal and Elsie Dunn.

The commencement exercises will take place on Wednesday morning at 10 o'clock at the Normal auditorium and the commencement speaker will be Dr. J. P. Fruit, head of the English language and literature department of William Jewell College at Liberty, Mo.

The spring term of the Normal will close on next Wednesday and the summer term will commence on Wednesday, May 28.

SENT FOR NEW DOOR.

One Has Been Ordered for the Front Entrance of Postoffice Building.

The factory representative here this week looking over the revolving door for the front entrance of the postoffice building decided that the door was not O. K. and a new one has been ordered from New York. It will probably take some time for it to get here and the postoffice will be located in the new building before the door is received. However, a temporary door will be up. The revolving door for the south side entrance is up.

Many of the patrons of the office are selecting their boxes at the new building. A number of boxes are taken.

The grounds are being put in shape this week and the sod is being laid. The building will be cleaned out later so as the postoffice can move by the first of June.

MUST PAY ASSESSMENT.

Farmers Telephone Lines Ordered to Pay Assessment and Dues by Saturday.

The board of directors of the Farmers Telephone Co. has ordered that the various lines pay their dues and assessments, and unless they should do so by Saturday, action will be taken at once to disconnect the service on that line. A special assessment of \$1 was made so as to pay off some of the obligations of the company, and as a part of the subscribers have paid the assessment, still there are many who have not.

On Visit to Sister.

Miss Mary Louise Andrews, daughter of Mr. and Mrs. E. L. Andrews, left Sunday morning for an extended visit with her sister, Mrs. Clair Andrews of Trenton, Mo. Mary Louise stopped in St. Joseph over Sunday with her brother, Leland Andrews, who is in the employ of the Plymouth Clothing company of that city.

Appeal to Circuit Court.

The case of John D. Gowney vs. John McGarry was filed in Circuit Clerk Rathbun's office on Wednesday. It is an appeal case from Justice Johnson's court. The plaintiff is represented by P. L. Gowney and Cook, Cummins & Dawson, and the defendant by Wright & Ford.

Mrs. Fisher Very Ill.

Mrs. George Fisher, the mother of Jesse Fisher of this city, who has been very ill for several days, has been in a critical condition since noon Tuesday. Another son, Rev. Grundy Fisher of Minneapolis, Minn., arrived in Maryville Monday.

375 CONSECUTIVE DAYS RECORD AT MILES McNEAL'S HOME.

FRANK HOLT IS THERE

Great Place For Climate, But It Has Gila Monster and Other Reptiles That Are Menace to Life.

Miles A. McNeal of McNeal, Ariz., a former clerk of Nodaway county, who is on a visit to his brothers, Oliver and Albert McNeal of near Skidmore and Graham, is in Maryville for a few days' visit with old friends. Mr. McNeal came to the home of his sister of Maltland, in January, on account of sickness. He was suffering from dropsy but has about recovered from it.

He went to Arizona five years ago and pre-empted a piece of government land which he will soon prove up. He took a claim twenty miles northwest of Douglas, a noted mining place. A recent addition to one of the smelters there cost \$1,500,000. Douglas is but ten years old and has a population of about 7,000. A union depot has been built there. Douglas is the home of the great Copper Queen smelter. During Mr. McNeal's first year in Arizona this smelter is said to have yielded \$11,000,000.

The valley in which Mr. McNeal's claim is located is 25 miles wide and 125 miles long, and one can stand and see every foot of it. No hills or trees obstruct the view. He has one fine tree on his place and he is very proud of it. He watered it faithfully every day after he set out the little twig and his efforts were rewarded.

When Mr. McNeal went to Arizona and settled he was twenty miles from a railroad, twenty miles northwest of Douglas. Two years ago a branch road of the El Paso and Southwestern railroad was built through his land, and a new town started three-quarters of a mile south of him, which has been named for him. McNeal now has a postoffice, a big department store, lumber yard, and a school that pays its teacher \$75 per month, and a new depot has been built since Mr. McNeal left in January.

There are two big cattle men in that section that ship from McNeal. One named Neel has 20,000 head and another named Hood has 10,000 head. Hood sold 2,000 head before Mr. McNeal left and since that has sold 4,000 head, realizing \$150,000 for the two bunches of cattle.

Mr. McNeal thinks that valley will be a great farming and stock country some day. Frank Holt, a son of L. R. Holt of this city, has land three miles northwest of Mr. McNeal. He found water in abundance at 7 feet deep, while Mr. McNeal's well is 75 feet deep.

The McNeal place is only fourteen miles from the Old Mexico line. The people of that section were not bothered much by the late Mexican troubles, except by Mexican fugitives, whom everyone was afraid to trust. The nearest battle was sixteen miles distant.

Mr. McNeal thinks the climate of that country is the greatest thing in its favor. Since he was there the sun shone 375 days in succession. When the temperature is 100 in the shade there it is not nearly so warm as it is here at 80 or 85. The coldest winter ever known there was the one just past, when it was one below zero one morning. The altitude is 4,150 feet above sea level.

One must learn to brave poisonous creatures of various kinds in that country if he does his part in bringing that country into subjection to the life of civilization. The hydrophobia skunk is considered the greatest foe to life. They go about at night and unless windows and doors are well fastened they steal in and bite their victims while they sleep, with always fatal effect. There are rattlesnakes, Gila monsters, centipedes, and the vinegaroon, the last a black bug about three inches long with a tail and stinger, that makes it about five inches in length, which it uses with almost deadly effect.

Mr. McNeal considers the people of that country the best he ever knew. Their common trials seem to bring them together and they will do anything they can to help one another.

He is enjoying his visit among his old friends here very much, but will return to Arizona before long to prove up on his land. He was county clerk of Nodaway county two terms, from 1887 to 1895.

Mrs. S. M. Barnes and daughter, Miss Mildred, of Barnard, were shopping in Maryville Tuesday.

MASONS TO RAVENWOOD.

A Party With Grand Lodge Officers Held Lodge at Ravenwood Tuesday Night.

A party of Masons composed of Deputy District Master J. E. Reese, E. E. Williams, Dr. Frank Wallis, George B. Baker, J. H. Sewell, Charles Hellmers, Eldon Irvin, Fred Yeomans, Johanan Stark, W. H. Gilbert, U. S. Wright, Robinson Craven, J. F. Cook, M. A. Peery and Rev. J. D. Randolph of the Buchanan Street Methodist church accompanied Grand Master Jacob Lampert of St. Louis and Grand Lecturer McLacklan to Ravenwood Tuesday evening, where two third degrees were put on. The candidates were Howard Beedle and Charles DeLong. After the lodge session, a fine supper was served by the Eastern Star lodge at Ravenwood.

The Maryville party went to Ravenwood in autos, but were unable to make the return trip last night in their cars owing to the heavy rain near Ravenwood. A party of five made the trip back in a livery stable rig and the rest returned to the city on Wabash train No. 1 this morning after staying up all night.

The Grand Lodge officers are holding a lodge of instruction in the Masonic hall in this city today. At 6:30 o'clock this evening, a supper will be held in the hall and will be served by the Eastern Star lodge. After supper, a session of the lodge will be held.

SKIDMORE AFTER ROAD.

A Delegation From That Town Appear Before County Highway Commission.

Skidmore is after the county seat highway from this city to Oregon and a party of the citizens of that town appeared before the county highway commission Tuesday to urge them to select their route. The delegation was headed by D. R. Baker, Wm. Skidmore and H. Montgomery. The commission composed of E. H. Bainum and John Clary listened to all the Skidmore people had to say in favor of their road and told them that they would inspect their road.

The Skidmore delegation is the first party of citizens to appear before the highway commission, but no doubt many more of them will come, as there will be a number of contests on for these highways.

Buried at Burlington Junction.

The body of Mrs. Lillie Wagner Hitchcock of Chicago was brought to Burlington Junction Wednesday morning for burial. The funeral services will be held Thursday afternoon at 2:30 o'clock at the home of the mother of the deceased, Mrs. Jennie Wagner, in Burlington Junction. Mrs. Hitchcock was about 40 years of age. She is survived by her husband.

THE NEW REGENT

TRUE D. PARR OF HAMILTON APPOINTED TO POSITION.

TO REORGANIZE MONDAY

Board to Meet for That Purpose and to Select Faculty—Few Changes Likely to Be Made.

Governor Major appointed this week True D. Parr of Hamilton, Mo., as a member of the board of regents of the Northwest Normal school. Mr. Parr received his commission Tuesday. The appointment is for a term of six years. Mr. Parr is cashier of the First National bank of Hamilton and was appointed to take the place of former Senator Wm. Haynes of St. Joseph, who declined the appointment when he was selected by Gov. Major several weeks ago. Mr. Parr was formerly in the banking business at Guilford and afterwards was in the same business at Savannah. He is a son-in-law of Matt Whitford of Guilford.

The Normal board will meet in Maryville next Monday, this being their annual meeting. The board will be reorganized and the faculty of the Normal will be selected. It is reported that not many changes will be made in the teaching force of that institution. Plans and arrangements for the summer term of the Normal to open on May 28 and also other matters of the institution will be discussed by the board.

The other members of the board are W. A. Blagg of this city, president; W. F. Rankin of Tarkio, W. G. Hine of Savannah, J. B. O'Brien, formerly of St. Joseph, L. M. Phipps of Grant City and State Superintendent Evans of Jefferson City.

The board has selected Prof. Ira Richardson as president of the Normal to succeed Dr. H. K. Taylor, who resigned on account of his health. Mr. Richardson is now acting president of the school and will take full charge on June 1.

To Department Convention.

Quite a number of the members of Sedgwick Post G. A. R. and Women's Relief Corps of this city went to St. Joseph Wednesday morning to attend the thirty-second annual state encampment of the Grand Army of the Republic which meets in that city Wednesday and Thursday. Those who went Wednesday morning were Colonel Nathaniel Sisson, Judge I. K. Alderman, John M. Evans, John W. Herren, W. D. Ashford, Jacob Faulkner, Jerry Jones, J. M. Wiseman, J. B. Gray, Alexander Gray, J. R. Croy, Matthew Lahr, George Hoskins, Samuel Comer, Noah Sipes, A. M. Hopper, A. C. Clary, George Davis, J. E. O'Neal, A. M. Howard, T. A. Williams, Jehu Allen and Steve Martin. The women of the relief corps who accompanied them were Mrs. R. S. Braniger, Mrs. Noah Sipes, Mrs. W. L. Ruddell, Mrs. Jehu Allen and Mrs. Glover Kelley.

To Department Convention.

Mrs. Catherine Miller went to St. Joseph Tuesday evening to attend the state department convention of the G. A. R. and W. R. C. in progress there this week. Mrs. Miller is district president of the Women's Relief Corps.

Mr. and Mrs. M. A. Turner and Mrs. Ed Drago went to St. Joseph Wednesday morning to spend the day.

Mrs. George Robinson of Kansas City, who has been visiting her parents, Mr. and Mrs. T. O'Brien, left for her home Tuesday evening, stopping in St. Joseph over Tuesday night with her sister, Mrs. J. B. Luton. Mrs. Robinson was called to Maryville by the illness of her mother.

Z. R. Alexander, formerly of Creston, now of Maryville, Mo., was in Creston between trains today, being en route home after visiting his brother, George, who recently underwent an operation for appendicitis at the hospital of Mayo Brothers at Rochester, Minn. Mr. Alexander was at one time bookkeeper in the First National bank of Creston, and for some time past has represented the American Sales Book company on the road. —Creston Advertiser.

When a Man Fails.

(From Ideal Power).

When he has no confidence in himself nor his fellow men.

When he values success more than character and self respect.

When he does not try to make his work a little better each day.

When he becomes so absorbed in his work that he cannot say that life is greater than work.

When he lets a day go by without making someone happier and more comfortable.

When he values wealth above health, self respect and the good opinion of others.

When he is so burdened by his business that he finds no time for rest or recreation.

When he loves his own plans and interests more than humanity.

When his friends like him for what he has more than for what he is.

When he knows that he is in the wrong, but is afraid to admit it.

When he envies others because they have more ability, talent or wealth than he has.

When he does not care what happens to his neighbor or to his friend so long as he is prosperous.

When he is so busy doing that he has no time for smiles and cheerful words.

MORE OUT-DOOR LIVING

And Death Rate Will Be Lowered.

Statistics prove that the death rate is very much greater in the winter months than in summer, and that the lack of fresh air is largely responsible for this condition.

If the system becomes rundown, blood thin and watery, circulation poor, no appetite, don't dose with drugs, but take our delicious cod liver and iron tonic Vinol, not a patent medicine, as everything in it is named on every package and if it does not give you a hearty appetite, enrich the blood and create strength, we will return your money; that shows our faith in Vinol.

A case has just come to our attention from Albany, N. Y. Mrs. H. Hartman says: "I was in a run-down condition for about five years until this spring, when I learned what a good tonic and strengthener Vinol is. It is certainly the best tonic I have ever used and it has done wonders for me."

Elected New Officers.

The M. I. Circle held its annual election of officers Tuesday afternoon when it met at the home of Mrs. Omar Catterson as the guest of Mrs. Halbert Catterson. Mrs. W. O. Garrett was chosen president; Mrs. Eugene Ogden, vice-president; Miss Emma Shroyer, secretary; and Mrs. R. H. Duncan, treasurer. The circle voted to pursue the Bay View course during the coming year. The program committee is composed of Mrs. W. A. Bailey, chairman, Mrs. W. A. Blagg, Mrs. O. L. Holmes, Mrs. I. W. Nixon and Mrs. T. H. Cook. Mrs. C. B. Roberts gave an interesting account of the state federation meeting held at Columbia last week, which enthused the circle to better work during the coming year. The devotion service for the afternoon was led by the president, Mrs. W. B. Christy. Roll call was responded to with the names of the favorite book of each member. Mrs. T. H. Cook gave an interesting paper on "Books, Helpful and Harmful." Mrs. Halbert Catterson gave a reading on "A Social Evil." Mrs. Walter Mutz was critic during the afternoon.

Shakespeareans Elected Officers.

The Shakespearean department of the Twentieth Century club held its last meeting of the year Tuesday afternoon at the home of Mrs. Anderson Craig. New officers for the coming

year were chosen, Mrs. Berney Harris being selected president, Mrs. John E. Cameron, vice-president, and Miss Anna Dooley, secretary-treasurer. In recognition of her able leadership, Mrs. Craig, the retiring president of this department, was presented a token of appreciation by Mrs. G. B. Holmes on behalf of the Shakespeareans. Mrs. Ferdinand Townsend gave a very lucid report of the state federation held in Columbia last week. The study for the afternoon was the drama "Blue Bird," by Maeterlinckin. Following was the program: The life of Maeterlinckin was given by Mrs. E. G. Orear, synopsis of "Blue Bird" by Mrs. J. E. Cameron, symbolism of the drama by Mrs. Orear. Mrs. Townsend gave a graphic description of the stage presentation of "Blue Bird" as she witnessed it in New York. The word drill

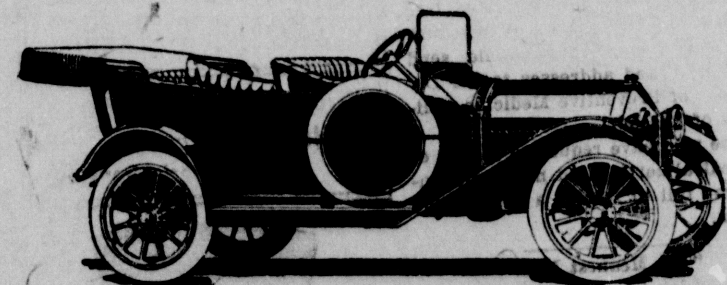

was given by Miss Clara Sturm, current events by Miss Lenore Schumacher, and the parliamentary drill by Mrs. Orear. The hostess invited her guests to remain for a delightful luncheon.

Anchor Buggies

The Anchor line of Buggies really need no introduction to the public. For several years the Anchor Buggy has proved a quality, medium grade vehicle; in other words, while the prices have been somewhat in advance of other medium grade builders, the construction of Anchor vehicles has a quality of material that is not to be found in any other medium grade vehicles.

Anchor Buggies, as produced today, have behind them the experience of years; they are manufactured under the supervision of men who have been through every phase of the business from its inception, and who, today, have their fingers on every detail of demand. Latest ideas, best improvements, most up-to-date styles, and unequalled advantages in quality, all combine to make Anchor Buggies the **Most Unparalleled Bargains of the Time**, and it is because such knowledge has been brought to bear on the manufacture of these ever popular Anchor Buggies, that they constitute which not only brings business, but retains it.

There are positively no Vehicles for the money that you can buy with such satisfaction in every detail as the Anchor. The reputation of these buggies is above reproach, and the satisfaction of buying an up-to-date buggy is yours if you buy the Anchor.

Don't forget we handle the Lion Buggy and also the Enterprise line of Buggies.

When you want a good wagon, see the Old Reliable Bain Wagon. We sell them.

Chi-Namel Demonstration

at Love & Gaugh's Store on

Friday and Saturday, May 16 and 17

We have the sales agency for the line of all-purpose varnish, which is so far ahead of any varnish that has ever been sold in this community, that we particularly desire an early opportunity to show its good points to some member of every household in our business district.

What we want you to know about this wonderful varnish is something that cannot be told; but we can show you in a very few minutes that you get more for your money every time by using Chi-Namel Varnish for floors, woodwork, furniture, or anything about the house on which varnish is used.

This varnish is furnished in the natural color and also in a full variety of colors. It can be hammered and boiled without showing any signs of abuse. Any amateur can apply it to large surfaces and get just as smooth a finish as a professional finisher—no laps, no brush marks, no blotches to make a patchy appearance.

You will thank us for this invitation after you have come to know all about it.

Other features we want to show you are the Chi-Namel Ready-to-Use Graining Process, by which you can cover all blemishes in your old floors and make them any color you wish, and also produce the grain of oak or other woods.

Old carpets can be made into rugs and a new hardwood border will take the place of the ugly flooring at a cost of but 2c per square foot.

We will gladly explain all these features at our store if you give us the opportunity.

SENATE ORATORS LET LOOSE

Minority Fight for Public Committee Hearings Under Way.

BRISTOW OFFERS AMENDMENT

Kansas Senator Asks Change in Sugar Schedule Providing for a Graduated Reductions in Duty for Two Three-Year Periods.

Washington, May 14.—Senator Simmons, chairman of the finance committee, and Senator Penrose, leading the fight to alter the Underwood bill with instructions for public hearings, delivered oratorical broadsides against each other in the senate in debate on the Penrose amendment.

Senator Penrose likened the secret caucus of the house Democrats on the tariff bill to the "methods of the Spanish Inquisition," and brought laughter from both sides when he declared no one was present at the caucus to witness "the murder of American industry."

Senator Simmons declared that if the Democratic purpose to eliminate hearings could be called reprehensible it was the first time the Democratic party had copied methods of the Republicans and he argued at length why public hearings were not necessary.

Refers to Former Attitude.

In debate Senator Penrose referred to Senator Simmons' attitude on the lumber schedule four years ago, when the Payne-Aldrich bill was under consideration. Senator Simmons answered that the Underwood bill provided for everything he advocated four years ago, if lumber was to be placed on the free list.

"That being so," he said, "I will vote with pleasure for free lumber."

Senator Bristow offered an amendment to the sugar schedule providing for graduated reductions for two three-year periods, at the end of which time sugar would be taxed at \$1.27½ per hundred pounds and ninety-six Cuban sugar at \$0.97.

When the Kansas senator had concluded an attack on the Democratic bill, Senator LaFollette proposed an amendment to the Penrose amendment directing public hearings.

LaFollette's Amendment.

Senator LaFollette's amendment, which was accepted by Senator Penrose, provides that manufacturers who might appear or file briefs before the finance committee be required to answer under oath sixteen questions relating to the commodity they manufacture; the raw materials used, the amount of production and consumption of the commodity in this country; the number of concerns engaged in its manufacture and their identity, the market price in this and competing countries; the cost of production in this and competing countries, the percentage of labor cost here and abroad; transportation cost to principal markets here and abroad; what part of the existing tariff duty represents difference in cost of production here and abroad and what part the tariff duty represents profit of the American manufacturer.

NO NATIONAL CONVENTIONS

Bryan Predicts Next Presidential Nominees Named by People.

Harrisburg, Pa., May 14.—Secretary of State William J. Bryan addressed the Pennsylvania legislature on the distinction between democracy and aristocracy. He predicted that before another general election the presidential primary would be so general that there would be no need to hold national conventions and that presidential nominees would be named not by party leaders or bosses, but by the people.

Speaking of platform pledges, Mr. Bryan said: "A man who violates a party platform and betrays his party and the people is a worse criminal than the man who embezzles money."

SURE TO SIGN LAND BILL

Governor Has Made Up His Mind, Is Coast Belief.

Sacramento, Cal., May 14.—Governor Johnson probably will send a message to Secretary Bryan today, giving his final decision upon the request of the federal government that he withhold his signature from the alien land bill.

This was the announcement given out from the executive office and is taken to mean that the governor has made up his mind just what he will do. The belief is prevalent here that he will dispatch a full statement of his views to Washington and immediately thereafter sign the bill.

Rail Shopmen Get Raise.

Summer Board in Colorado Very Moderate Charges

"I'd like to go to Colorado," said a man the other day, "but it costs so much to live there that I'm afraid I—"

"Forget it," said his friend, who had spent a month last summer seeing the show places of the Wonder State. "I had the same idea myself last year until I got that folder the Burlington gets up telling the hotel rates. And I was mightily surprised to find that, besides the hotels, which are as elaborate as you please, there are hundreds of good, cleanly, wholesome ranch houses in Colorado, where the rates are as low as \$8.00 a week, and they give you mighty good fare."

That folder is published by the Burlington railroad to show folks how they can enjoy a vacation in Colorado at a very reasonable expense. And I'd like to mail you a copy of it—free. It tells all about the country, gives a complete list of hotels and boarding houses, addresses, rates, conveniences, elevation and nearby attractions.

Let me send these, and if you wish I can tell you all about the trains and cost of railway tickets to the most wonderfully charming country in America. Send me a postal quick.

NEEDFUL KNOWLEDGE.

Maryville People Should Learn to Detect the Approach of Kidney Disease.

The symptoms of kidney trouble are many. Disordered kidneys often excrete a thick, cloudy, offensive urine, full of sediment, irregular of passage or attended by a sensation of scalding. The back may ache, headaches and dizzy spells may occur and the victim is often weighted down by a feeling of languor and fatigue. Neglect these warnings and there is danger. Delay often proves fatal.

You can use no better endorsed kidney remedy than Doan's Kidney Pills. Here's Maryville proof of their merit.

Mrs. C. McMonigal, 706 East Second street, Maryville, Mo., says: "I suffered for years from disordered kidneys and at times the pain in my back was so bad that I had to scream. I couldn't rest well and had dizzy spells. Since I used Doan's Kidney Pills I have felt better in every way. I can certainly recommend them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

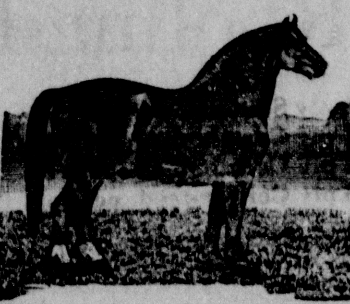

Remember the name—Doan's—and take no other.—Advertisement.

LABOR PARTY TO AID SUFFRAGISTS

Endless Chain of Volunteers to Print Militant Newspaper.

LEGISLATORS TO BE FIRST.

Kier Hardie to Take Place of Col. League if Latter is Arrested—Believed That Government Will Be Forced to Capitulate.

London, May 14.—In the fight against the government for a free press the labor party, after mature consideration, has decided to adopt a plan which is new to England, but has been found effective by German Socialists in combatting stringent press laws.

Should the government prosecute James Ramsay MacDonald for printing "Suffragette," he will be succeeded as manager by James Kier Hardie, who, in turn, would be followed by other labor leaders, until the government is forced to capitulate.

These two labor members of parliament announced their readiness to undertake the responsibility of printing "The Suffragette," contending that it is illegal to suppress newspapers in advance, and declaring that they are ready to stand by the consequences.

Her View Too Personal.

Katharine Strange, proprietress of a tea pavilion, which was burned in Kew garden by the militant suffragettes, described at the trial of "General" Drummond a visit she made to Miss Rebecca Kerr, after the destruction of the property. Miss Kerr told her that she took much too personal a view of the matter. Miss Kerr said the women employed in the tea pavilion, although they had lost their jobs, would ultimately be very glad that they lent a helping hand to their fellow women. Anyway, she continued, the only means of rousing the government was to attack private property and this the militant suffragettes intended to continue to do until they had obtained the vote.

MISSING VERSES OF NEW TESTAMENT TRANSLATED.

London, May 14.—Some long missing verses of the New Testament are included in the manuscripts of the gospel discovered in Egypt six years ago and purchased by Charles L. Freer of Detroit, according to a study made of the Freer manuscript by the Times. A fac simile of the manuscripts has been presented to the British museum by the University of Michigan, to which Mr. Freer assigned the task of publication and, according to the Times, there have been found in the gospel of St. Mark several verses which occur in no other known manuscript of the New Testament.

LEAK IN NAVY DEPARTMENT

Secret Service Investigating Theft of Documents.

Miss Babe Holt, who has been attending school in Maryville and making her home with her aunt, Mrs. J. E. Bailey, went to her home in Chillicothe Wednesday.

Miss Emma Sarr went to Trenton Wednesday for a several weeks' visit with her mother.

Miss Altha McGraw of Gilman City returned home Wednesday.

FALLING HAIR.

Many People Have a Simple Way of Stopping It.

It was Dr. Sangerbond, of Paris, who first discovered that dandruff and falling hair were caused by a microbe. And now that Parisian Sage, the remedy that kills the dandruff germ is sold in every town in America, the clean people of this country have awakened to the fact that dandruff is unnecessary; that falling hair and itching scalp can be quickly stopped, and that people who use Parisian Sage will never grow bald.

To every reader of the Democrat-Forum who wishes to eradicate disgusting dandruff, stop falling hair, and have an immaculately clean scalp, free from itchiness, we make this offer:

Parisian Sage is sold by druggists everywhere, for 50 cents a large bottle. It is an ideal, daintily perfumed hair dressing, free from grease and stickiness, and will cause hair to grow lustrous and luxuriant. Sold and guaranteed by the Koch Pharmacy.—Advertisement.

Mrs. R. E. Thomas and Miss Mary Thomas went to St. Joseph Wednesday morning to spend the day.

NO. 296.

A FARM DECREASE

BUT THE ACREAGE INCREASED
600,000 ACRES.

TWO CLASSES INCREASE

The Very Small and Very Large Farms
Have Increased in Number—Other
Classes Show Decrease.

There were 7,642 fewer farms in Missouri in 1910 than in 1900. This is a decrease of 2.7 per cent. Since Missouri farmers were operating 600,000 more acres in 1910 than in 1900, these facts denote an increase in the average size of a farm. The average Missouri farm in 1900 contained 119.3 acres. By 1910 the average size had increased to 124.7 acres.

This increase is not characteristic of the whole United States. Considering the entire country, farms decreased eight acres in size during the given decade. For the same period, the acreage in farm lands increased 5 per cent. In 1910 the farms of the entire country averaged 138.1 acres.

The classes of Missouri farms that have increased in number include those three to nine acres and 100 to 999 acres in size. All other classes show a decrease in number, that of very small farms (under three acres) being 69 per cent.

S. D. Gromer, secretary of the University of Missouri in commenting on these shifting conditions in the University Missourian at Columbia, says: "There are many causes back of these conditions. The decrease in size of farms for the country as a whole may be attributed to the breaking up of the Western ranches. In the South the old plantations are still being broken up into twenty or thirty acre tracts—sizes conveniently farmed by the negro and his mule. The number of large farms is decreasing because such farms are not economic producers. Management becomes more difficult as size increases.

"That more city people are going into gardening is indicated by the increased number of small farms. The census report explains the decreased number of farms of garden size as due to different interpretations of enumerators as to what constitutes a small farm. Farms from nine to 100 acres are not able to use large machinery with advantage.

"The farm is decreasing in size in all divisions except the North Central States. Here the country is well adapted to heavy machinery. Farm borders have been pushing out since the advent of heavy machinery. The shifting in size of farms is clearly an economic movement."

PREVENTIVE MEDICINE.

Bulletin on Typhoid Fever.

A bulletin on typhoid fever has been issued by the University of Missouri. This bulletin describes in simple language typhoid fever, how it is transmitted, and how it may be prevented. This bulletin will be distributed free of charge to all citizens of Missouri. Those desiring a copy should send their names and addresses to the Department of Preventive Medicine, University of Missouri.

Those who have requested a copy of the medical series need not apply unless they fail to receive a copy of the bulletin.

"The Meanest Man."

Sam Jordan in the Missouri Farmer says:

"The meanest man" I think lives in Maryville. He is the man who said when the "hats off" rule went into effect in their church that the chief thing he noticed was that the preacher looked some older than when he last saw him.

I do not so much mind not being able to see the preacher, but when a fellow cannot see the choir it is tough. There is some comfort though in that hat business after all. I can hide behind one and sleep right nicely and the preacher cannot see me.

THE MEN'S CLUB BANQUET.

Held Tuesday Evening at the Presbyterian Church—Discussed Church Matters.

The Men's club banquet held at the Presbyterian church Tuesday evening was a great success and was well attended. Matters of interest to the church were discussed. A talk on the Sunday School baseball league and also as to changing the date for the Men's club meetings were spoken of. The date of the monthly meeting of the club will be taken up by the executive committee and probably some other night except Tuesday selected.

The speakers at the banquet were S. G. Gillam, Dean G. H. Colbert, Prof. Swinehart, Rev. S. D. Harkness, George Demott and Roy Curfman. The following are those that were in attendance at the banquet: Prof. Swinehart, W. H. Crawford, Goff Crawford, Rankin Lyle, Harvey Peterson, Roy Curfman, H. G. Barton, J. H. Gray, Fred French, L. O. Goble, S. O. Hutchinson, J. D. Richey, Phillip Colbert, Prof. G. H. Colbert, T. J. Hurley, Rev. S. D. Harkness, C. A. Wadley, W. G. Sawyers, M. G. Tate, Forest Gillam, S. G. ROAD MAN AT HARMONY.

Dr. B. H. Heidel of National Highway Department Held Meeting at Harmony Church Monday.

Dr. B. H. Heidel, senior engineer of the national highway department at Washington, D. C., held a good roads meeting in the Harmony church east of Maryville on Monday afternoon. It was largely attended and Mr. Heidel, after an inspection trip over the roads in that vicinity, gave his hearers some advice on what to do with the roads in that community. It was a very interesting talk and was well received by his hearers.

Dr. Heidel came to Harmony community as a result of Rev. C. R. Green, the pastor of the church, having carried on a long correspondence with him.

Dr. Heidel left Monday evening for St. Joseph and will go from there to Columbia.

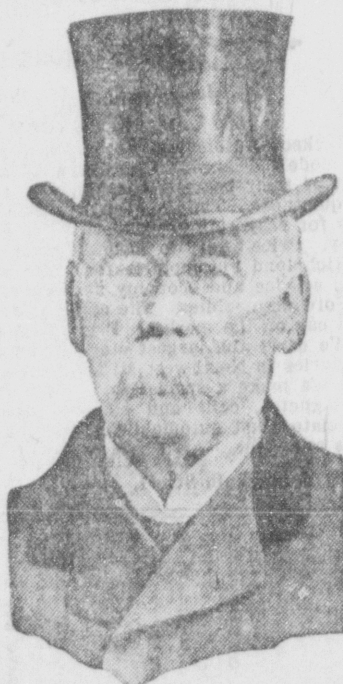

Miss Mabel Miller went to Kansas City Wednesday morning for a few days' visit with relatives. Miss Miller will be met there by her niece, Miss Lucy Griffin of Claremore, Okla., who will accompany her home for a summer's visit.

Mr. and Mrs. W. N. Morgan of Parnell visited over Tuesday night in Maryville with Mr. and Mrs. George Lucas. They were on their way home from a trip to St. Joseph.

G. B. Holmes went to Bolckow Wednesday morning.

If United States Senator Francis E. Warren said to be one of the richest men in the senate, gets the pension he has applied for he will be wealthier by \$18 a month. In answer to a letter of protest he explains that he wants this additional income to give to some worthy soldier who may not be able to get a pension; also he wants to establish his army record.

NOW THE NORMAL SUNSHINE THERE

THE TEACHERS ARE THE NEXT TO GRADUATE.

THE WEEK'S PROGRAM

Baccalaureate Sunday Night, Class Program and the Class Play Tuesday, Commencement Wednesday.

The Normal commencement week will commence with the baccalaureate sermon to be given Sunday evening at the First M. E. church by Rev. Claude J. Miller of the Christian church. On Tuesday afternoon, the class program will be given at the Normal auditorium at 3 o'clock, and the following is the program as announced today:

Music by Junior chorus.
Class oration by Addie Petree.
Reading by Elsie Dunn.
Solo by Alice Ficklin.
Class prophecy by Ruth Beggs.
Class will, followed by presentation of a senior relic to the juniors, by James Paris.
Piano solo by Helene Young.

Planting of class ivy on east tower of Normal and dedication speech will be by Clarence Jones.

On Tuesday evening, the annual senior class play will be given in the auditorium of the Normal. The play is entitled "Lost, A Chapter," and the players are: Frank P. Miller, L. A. Zelliff, Clarence Jones, Fred Lewis, Orlo Quinn, James A. Farris, Misses Ruth Beggs, Verda Miller, Georgia Wood, Dollie McDonald, Edith Neal and Elsie Dunn.

The commencement exercises will take place on Wednesday morning at 10 o'clock at the Normal auditorium and the commencement speaker will be Dr. J. P. Fruit, head of the English language and literature department of William Jewell College at Liberty, Mo.

The spring term of the Normal will close on next Wednesday and the summer term will commence on Wednesday, May 28.

SENT FOR NEW DOOR.

One Has Been Ordered for the Front Entrance of Postoffice Building.

The factory representative here this week looking over the revolving door for the front entrance of the postoffice building decided that the door was not O. K. and a new one has been ordered from New York. It will probably take some time for it to get here and the postoffice will be located in the new building before the door is received. However, a temporary door will be up. The revolving door for the south side entrance is up.

Many of the patrons of the office are selecting their boxes at the new building. A number of boxes are taken.

The grounds are being put in shape this week and the sod is being laid. The building will be cleaned out later so as the postoffice can move by the first of June.

MUST PAY ASSESSMENT.

Farmers Telephone Lines Ordered to Pay Assessment and Dues by Saturday.

The board of directors of the Farmers Telephone Co. has ordered that the various lines pay their dues and assessments, and unless they should do so by Saturday, action will be taken at once to disconnect the service on that line. A special assessment of \$1 was made so as to pay off some of the obligations of the company, and as a part of the subscribers have paid the assessment, still there are many who have not.

On Visit to Sister.

Miss Mary Louise Andrews, daughter of Mr. and Mrs. E. L. Andrews, left Sunday morning for an extended visit with her sister, Mrs. Clair Andrews of Trenton, Mo. Mary Louise stopped in St. Joseph over Sunday with her brother, Leland Andrews, who is in the employ of the Plymouth Clothing company of that city.

Appeal to Circuit Court.

The case of John D. Gowney vs. John McGarry was filed in Circuit Clerk Rathbun's office on Wednesday. It is an appeal case from Justice Johnson's court. The plaintiff is represented by P. L. Gowney and Cook, Cummins & Dawson, and the defendant by Wright & Ford.

Mrs. Fisher Very Ill.

Mrs. George Fisher, the mother of Jesse Fisher of this city, who has been very ill for several days, has been in a critical condition since noon Tuesday. Another son, Rev. Grundy Fisher of Minneapolis, Minn., arrived in Maryville Monday.

SUNSHINE THERE

375 CONSECUTIVE DAYS RECORD AT MILES McNEAL'S HOME.

FRANK HOLT IS THERE

Great Place For Climate, But It Has Gila Monster and Other Reptiles That Are Menace to Life.

Miles A. McNeal of McNeal, Ariz., a former clerk of Nodaway county, who is on a visit to his brothers, Oliver and Albert McNeal of near Skidmore and Graham, is in Maryville for a few days' visit with old friends. Mr. McNeal came to the home of his sister of Maitland, in January, on account of sickness. He was suffering from dropsy but has about recovered from it.

He went to Arizona five years ago and pre-empted a piece of government land which he will soon prove up. He took a claim twenty miles northwest of Douglas, a noted mining place. A recent addition to one of the smelters there cost \$1,800,000. Douglas is but ten years old and has a population of about 7,000. A union depot has been built there. Douglas is the home of the great Copper Queen smelter. During Mr. McNeal's first year in Arizona this smelter is said to have yielded \$11,000,000.

The valley in which Mr. McNeal's claim is located is 25 miles wide and 125 miles long, and one can stand and see every foot of it. No hills or trees to obstruct the view. He has one fine tree on his place and he is very proud of it. He watered it faithfully every day after he set out the little twig and his efforts were rewarded.

When Mr. McNeal went to Arizona and settled he was twenty miles from a railroad, twenty miles northwest of Douglas. Two years ago a branch road of the El Paso and Southwestern railroad was built through his land, and a new town started three-quarters of a mile south of him, which has been named for him. McNeal now has a postoffice, a big department store, lumber yard, and a school that pays its teacher \$75 per month, and a new depot has been built since Mr. McNeal left in January.

There are two big cattle men in that section that ship from McNeal. One named Neel has 20,000 head and another named Hood has 10,000 head. Hood sold 2,000 head before Mr. McNeal left and since that has sold 4,000 head, realizing \$150,000 for the two bunches of cattle.

Mr. McNeal thinks that valley will be a great farming and stock country some day. Frank Holt, a son of L. R. Holt of this city, has land three miles northwest of Mr. McNeal. He found water in abundance at 77 feet deep, while Mr. McNeal's well is 75 feet deep.

The McNeal place is only fourteen miles from the Old Mexico line. The people of that section were not bothered much by the late Mexican troubles, except by Mexican fugitives, whom everyone was afraid to trust. The nearest battle was sixteen miles distant.

Mr. McNeal thinks the climate of that country is the greatest thing in its favor. Since he was there the sun shone 375 days in succession. When the temperature is 100 in the shade there it is not nearly so warm as it is here at 80 or 85. The coldest winter ever known there was the one just past, when it was one below zero one morning. The altitude is 4,150 feet above sea level.

One must learn to brave poisonous creatures of various kinds in that country if he does his part in bringing that country into subjection to the life of civilization. The hydrophobia skunk is considered the greatest foe to life. They go about at night and unless windows and doors are well fastened they steal in and bite their victims while they sleep, with always fatal effect. There are rattlesnakes, Gila monsters, centipedes, and the vinegaroon, the last a black bug about three inches long, with a tail and stinger, that makes it about five inches in length, which it uses with almost deadly effect.

Mr. McNeal considers the people of that country the best he ever knew. Their common trials seem to bring them together and they will do anything they can to help one another.

He is enjoying his visit among his old friends here very much, but will return to Arizona before long to prove up on his land. He was county clerk of Nodaway county two terms, from 1887 to 1895.

Mrs. S. M. Barnes and daughter, Miss Mildred, of Barnard, were shopping in Maryville Tuesday.

MASONS TO RAVENWOOD.

A Party With Grand Lodge Officers Held Lodge at Ravenwood Tuesday Night.

A party of Masons composed of Deputy District Master J. E. Reese, E. E. Williams, Dr. Frank Wallis, George B. Baker, J. H. Sewell, Charles Hellmers, Eldon Irvin, Fred Yeomans, Johanan Stark, W. H. Gilbert, U. S. Wright, Robinson Craven, J. F. Cook, M. A. Peery and Rev. J. D. Randolph of the Buchanan Street Methodist church accompanied Grand Master Jacob Lampert of St. Louis and Grand Lecturer McLacklan to Ravenwood Tuesday evening, where two third degrees were put on. The candidates were Howard Beedle and Charles DeLong. After the lodge session, a fine supper was served by the Eastern Star lodge at Ravenwood.

The Maryville party went to Ravenwood in autos, but were unable to make the return trip last night in their cars owing to the heavy rain near Ravenwood. A party of five made the trip back in a livery stable rig and the rest returned to the city on Washburn train No. 1 this morning after staying up all night.

The Grand Lodge officers are holding a lodge of instruction in the Masonic hall in this city today. At 6:30 o'clock this evening, a supper will be held in the hall and will be served by the Eastern Star lodge. After supper, a session of the lodge will be held.

SKIDMORE AFTER ROAD.

A Delegation From That Town Appear Before County Highway Commission.

Skidmore is after the county seat highway from this city to Oregon and a party of the citizens of that town appeared before the county highway commission Tuesday to urge them to select their route. The delegation was headed by D. R. Baker, Wm. Skidmore and H. Montgomery. The commission composed of E. H. Bainum and John Clary listened to all the Skidmore people had to say in favor of their road and told them that they would inspect their road.

The Skidmore delegation is the first party of citizens to appear before the highway commission, but no doubt many more of them will come, as there will be a number of contests on for these highways.

Buried at Burlington Junction.

The body of Mrs. Lillie Wagner Hitchcock of Chicago was brought to Burlington Junction Wednesday morning for burial. The funeral services will be held Thursday afternoon at 2:30 o'clock at the home of the mother of the deceased, Mrs. Jennie Wagner, in Burlington Junction. Mrs. Hitchcock was about 40 years of age. She is survived by her husband.

Entertainment at Parnell.

The Parnell public schools of the grammar, intermediate and primary rooms will give an entertainment in the opera house of that town on Thursday evening for the benefit of the school. The following is the program:

The Broomstick Brigade.
Last Day of School.
The Hayseed Drill.

THE NEW REGENT

TRUE D. PARR OF HAMILTON APPOINTED TO POSITION.

TO REORGANIZE MONDAY

Board to Meet for That Purpose and to Select Faculty—Few Changes Likely to Be Made.

Governor Major appointed this week True D. Parr of Hamilton, Mo., as a member of the board of regents of the Northwest Normal school. Mr. Parr received his commission Tuesday. The appointment is for a term of six years.

Mr. Parr is cashier of the First National bank of Hamilton and was appointed to take the place of former Senator Wm. Haynes of St. Joseph, who declined the appointment when he was selected by Gov. Major several weeks ago. Mr. Parr was formerly in the banking business at Guilford and afterwards was in the same business at Savannah. He is a son-in-law of Matt Whiteford of Guilford.

The Normal board will meet in Maryville next Monday, this being their annual meeting. The board will be reorganized and the faculty of the Normal will be selected. It is reported that not many changes will be made in the teaching force of that institution. Plans and arrangements for the summer term of the Normal to open on May 28 and also other matters of the institution will be discussed by the board.

The other members of the board are W. A. Blagg of this city, president; W. F. Rankin of Tarkio, W. G. Hine of Savannah, J. B. O'Brien, formerly of St. Joseph, L. M. Phipps of Grant City and State Superintendent Evans of Jefferson City.

The board has selected Prof. Ira Richardson as president of the Normal to succeed Dr. H. K. Taylor, who resigned on account of his health. Mr. Richardson is now acting president of the school and will take full charge on June 1.

To Department Convention.

Quite a number of the members of Sedgwick Post G. A. R. and Women's Relief Corps of this city went to St. Joseph Wednesday morning to attend the thirty-second annual state encampment of the Grand Army of the Republic which meets in that city Wednesday and Thursday. Those who went Wednesday morning were Colonel Nathaniel Sisson, Judge I. K. Alderman, John M. Evans, John W. Herren, W. D. Ashford, Jacob Faulkner, Jerry Jones, J. M. Wiseman, J. B. Gray, Alexander Gray, J. R. Croy, Matthew Lahr, George Hoskins, Samuel Comer, Noah Sipes, A. M. Hopper, A. C. Clary, George Davis, J. E. O'Neal, A. M. Howard, T. A. Williams, Jehu Allen and Steve Martin. The women of the relief corps who accompanied them were Mrs. R. S. Braniger, Mrs. Noah Sipes, Mrs. W. L. Ruddell, Mrs. Jehu Allen and Mrs. Glover Kelley.

To Department Convention.

Mrs. Catherine Miller went to St. Joseph Tuesday evening to attend the state department convention of the G. A. R. and W. R. C. in progress there this week. Mrs. Miller is district president of the Women's Relief Corps.

Mr. and Mrs. M. A. Turner and Mrs. Ed Drago went to St. Joseph Wednesday morning to spend the day.

Mrs. George Robinson of Kansas City, who has been visiting her parents, Mr. and Mrs. T. O'Brien, left for her home Tuesday evening, stopping in St. Joseph over Tuesday night with her sister, Mrs. J. B. Luton. Mrs. Robinson was called to Maryville by the illness of her mother.

Z. R. Alexander, formerly of Creston, now of Maryville, Mo., was in Creston between trains today, being en route home after visiting his brother, George, who recently underwent an operation for appendicitis at the hospital of Mayo Brothers at Rochester, Minn. Mr. Alexander was at one time bookkeeper in the First National bank of Creston, and for some time past has represented the American Sales Book company on the road. —Creston Advertiser.

When a Man Fails.

(From Ideal Power).

When he has no confidence in himself nor his fellow men.

When he values success more than character and self respect.

When he does not try to make his work a little better each day.

When he becomes so absorbed in his work that he cannot say that life is greater than work.

When he lets a day go by without making someone happier and more comfortable.

When he values wealth above health, self respect and the good opinion of others.

When he is so burdened by his business that he finds no time for rest or recreation.

When he loves his own plans and interests more than humanity.

When his friends like him for what he has more than for what he is.

When he knows that he is in the wrong, but is afraid to admit it.

When he envies others because they have more ability, talent or wealth than he has.

When he does not care what happens to his neighbor or to his friend so long as he is prosperous.

When he is so busy doing that he has no time for smiles and cheerful words.

MORE OUT-DOOR LIVING

And Death Rate Will Be Lowered.

Statistics prove that the death rate is very much greater in the winter months than in summer, and that the lack of fresh air is largely responsible for this condition.

If the system becomes rundown, blood thin and watery, circulation poor, no appetite, don't dose with drugs, but take our delicious cod liver and iron tonic Vinol, not a patent medicine, as everything in it is named on every package and if it does not give you a hearty appetite, enrich the blood and create strength, we will return your money; that shows our faith in Vinol.

A case has just come to our attention from Albany, N. Y. Mrs. H. Hartman says: "I was in a run-down condition for about five years until this spring, when I learned what a good tonic and strengthener Vinol is. It is certainly the best tonic I have ever used and it has done wonders for me." Try a bottle of Vinol, on our guarantee—Orean-Henry Drug Co., Maryville, Mo.—Advertisement.

Married by Rev. Miller.

Miss Frank Starr of Maryville and John F. Spangler of Casper, Wyo., were married Tuesday afternoon at 5 o'clock by Rev. Claude J. Miller of the Christian church at his home. The couple were attended by Miss Emma Starr, a sister of the bride. They will reside at Casper. When the couple appeared at the apartments of Rev. Miller, he was in the act of cleaning his rooms and had on overalls. But a quick change was made in his clothing and after a few minutes' wait, the ceremony was performed.

Pictures by Missouri Artists.

The arts and crafts department of the Twentieth Century club will exhibit in the Elks' tea rooms Friday and Saturday afternoons from 2 to 5 o'clock pictures by St. Louis artists of note. These pictures come to Maryville through the management of Mrs. George Pickard of Columbia, chairman of the State Federation of Arts. The ladies of the arts and crafts will be in attendance and eager to assist the visitors in any way. All who are interested are cordially invited and urged to come and enjoy these pictures done by artists of our state.

Entertained the Sigma Delta Ch's.

The young men of the Phi Lambda Epsilon fraternity entertained the Sigma Delta Chi sorority Tuesday night in Woodmen hall with a party at progressive forty-two. The hall was handsomely decorated in pennants and the P. L. E. frat colors of yellow and red. The game prize went to Miss Dora Day, who was presented a beautiful Sigma Delta Chi pennant. Punch was served during the games and a

Elected New Officers.

The M. I. Circle held its annual election of officers Tuesday afternoon when it met at the home of Mrs. Omar Catterson as the guest of Mrs. Halbert Catterson. Mrs. W. O. Garrett was chosen president; Mrs. Eugene Ogden, vice-president; Miss Emma Shroyer, secretary; and Mrs. R. H. Duncan, treasurer. The circle voted to pursue the Bay View course during the coming year. The program committee is composed of Mrs. W. A. Bailey, chairman, Mrs. W. A. Blagg, Mrs. O. L. Holmes, Mrs. I. W. Nixon and Mrs. T. H. Cook. Mrs. C. B. Roberts gave an interesting account of the state federation meeting held at Columbia last week, which enthused the circle to better work during the coming year. The devotion service for the afternoon was led by the president, Mrs. W. B. Christy. Roll call was responded to with the names of the favorite book of each member. Mrs. T. H. Cook gave an interesting paper on "Books, Helpful and Harmful." Mrs. Halbert Catterson gave a reading on "A Social Evil." Mrs. Walter Mutz was critic during the afternoon.

Shakespeareans Elected Officers.

The Shakespearean department of the Twentieth Century club held its last meeting of the year Tuesday afternoon at the home of Mrs. Anderson Craig. New officers for the coming

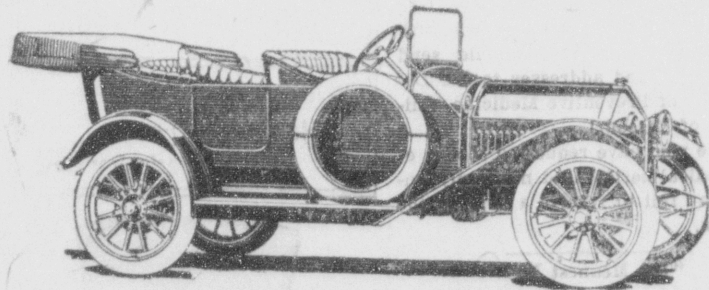

year were chosen, Mrs. Berney Harris being selected president, Mrs. John E. Cameron, vice-president, and Miss Anna Dooley, secretary-treasurer. In recognition of her able leadership, Mrs. Craig, the retiring president of this department, was presented a token of appreciation by Mrs. G. B. Holmes on behalf of the Shakespeareans. Mrs. Ferdinand Townsend gave a very lucid report of the state federation held in Columbia last week. The study for the afternoon was the drama "Blue Bird," by Maeterlinck. Following was the program: The life of Maeterlinck was given by Mrs. E. G. Orear, synopsis of "Blue Bird" by Mrs. J. E. Cameron, symbolism of the drama by Mrs. Orear. Mrs. Townsend gave a graphic description of the stage presentation of "Blue Bird" as she witnessed it in New York. The word drill

Anchor Buggies

The Anchor line of Buggies really need no introduction to the public. For several years the Anchor Buggy has proved a quality, medium grade vehicle; in other words, while the prices have been somewhat in advance of other medium grade builders, the construction of Anchor vehicles has a quality of material that is not to be found in any other medium grade vehicles.

Anchor Buggies, as produced today, have behind them the experience of years; they are manufactured under the supervision of men who have been through every phase of the business from its inception, and who, today, have their fingers on every detail of demand. Latest ideas, best improvements, most up-to-date styles, and unequalled advantages in quality, all combine to make Anchor Buggies the **Most Unparalleled Bargains of the Time**, and it is because such knowledge has been brought to bear on the manufacture of these ever popular Anchor Buggies, that they constitute which not only brings business, but retains it.

There are positively no Vehicles for the money that you can buy with such satisfaction in every detail as the Anchor. The reputation of these buggies is above reproach, and the satisfaction of buying an up-to-date buggy is yours if you buy the Anchor.

Don't forget we handle the Lion Buggy and also the Enterprise line of Buggies.

Chi-Namel Demonstration

at Love & Gaugh's Store on

Friday and Saturday, May 16 and 17

We have the sales agency for the line of all-purpose varnish, which is so far ahead of any varnish that has ever been sold in this community, that we particularly desire an early opportunity to show its good points to some member of every household in our business district.

What we want you to know about this wonderful varnish is something that cannot be told; but we can show you in a very few minutes that you get more for your money every time by using Chi-Namel Varnish for floors, woodwork, furniture, or anything about the house on which varnish is used.

This varnish is furnished in the natural color and also in a full variety of colors. It can be hammered and boiled without showing any signs of abuse. Any amateur can apply it to large surfaces and get just as smooth a finish as a professional finisher—no laps, no brush marks, no blotches to make a patchy appearance.

You will thank us for this invitation after you have come to know all about it.

Other features we want to show you are the Chi-Namel Ready-to-Use Graining Process, by which you can cover all blemishes in your old floors and make them any color you wish, and also produce the grain of oak or other woods.

Old carpets can be made into rugs and a new hardwood border will take the place of the ugly flooring at a cost of but 2c per square foot.

We will gladly explain all these features at our store if you give us the opportunity.

SENATE ORATORS LET LOOSE

Minority Fight for Public Committee Hearings Under Way.

BRISTOW OFFERS AMENDMENT

Kansas Senator Asks Change in Sugar Schedule Providing for a Graduated Reductions in Duty for Two Three-Year Periods.

Washington, May 14.—Senator Simmons, chairman of the finance committee, and Senator Penrose, leading the fight to alter the Underwood bill with instructions for public hearings, delivered oratorical broadsides against each other in the senate in debate on the Penrose amendment.

Senator Penrose likened the secret caucus of the house Democrats on the tariff bill to the "methods of the Spanish Inquisition," and brought laughter from both sides when he declared no one was present at the caucus to witness "the murder of American industry."

Senator Simmons declared that if the Democratic purpose to eliminate hearings could be called reprehensible it was the first time the Democratic party had copied methods of the Republicans and he argued at length why public hearings were not necessary.

Refers to Former Attitude.

In debate Senator Penrose referred to Senator Simmons' attitude on the lumber schedule four years ago, when the Payne-Aldrich bill was under consideration. Senator Simmons answered that the Underwood bill provided for everything he advocated four years ago, if lumber was to be placed on the free list.

"That being so," he said, "I will vote with pleasure for free lumber."

Senator Bristow offered an amendment to the sugar schedule providing for graduated reductions for two three-year periods, at the end of which time sugar would be taxed at \$1.27½ per hundred pounds and ninety-six Cuban sugar at \$1.097.

When the Kansas senator had concluded an attack on the Democratic bill, Senator LaFollette proposed an amendment to the Penrose amendment directing public hearings.

LaFollette's Amendment.

Senator LaFollette's amendment, which was accepted by Senator Penrose, provides that manufacturers who might appear or file briefs before the finance committee be required to answer under oath sixteen questions relating to the commodity they manufacture; the raw materials used, the amount of production and consumption of the commodity in this country; the number of concerns engaged in its manufacture and their identity, the market price in this and competing countries; the cost of production in this and competing countries, the percentage of labor cost here and abroad; transportation cost to principal markets here and abroad; what part of the existing tariff duty represents difference in cost of production here and abroad and what part the tariff duty represents profit of the American manufacturer.

NO NATIONAL CONVENTIONS

Bryan Predicts Next Presidential Nominees Named by People.

Harrisburg, Pa., May 14.—Secretary of State William J. Bryan addressed the Pennsylvania legislature on the distinction between democracy and aristocracy. He predicted that before another general election the presidential primary would be so general that there would be no need to hold national conventions and that presidential nominees would be named not by party leaders or bosses, but by the people.

Speaking of platform pledges, Mr. Bryan said: "A man who violates a party platform and betrays his party and the people is a worse criminal than the man who embezzles money."

SURE TO SIGN LAND BILL

Governor Has Made Up His Mind, Is Coast Belief.

Sacramento, Cal., May 14.—Governor or Johnson probably will send a message to Secretary Bryan today, giving his final decision upon the request of the federal government that he withhold his signature from the alien land bill.

This was the announcement given out from the executive office and is taken to mean that the governor has made up his mind just what he will do. The belief is prevalent here that he will dispatch a full statement of his views to Washington and immediately thereafter sign the bill.

Rail Shopmen Get Raise.

Kansas City, May 14.—Twenty-seven thousand railroad shopmen will receive increases in wages as a result of agreements ratified by representatives of the Federation of Shop Crafts and the Southern railway and allied railroad companies and the Wabash system at the headquarters of the federation in Kansas City, Kan.

Summer Board in Colorado Very Moderate Charges

"I'd like to go to Colorado," said a man the other day, "but it costs so much to live there that I'm afraid I—"

"Forget it," said his friend, who had spent a month last summer seeing the show places of the Wonder State. "I had the same idea myself last year until I got that folder the Burlington gets up telling the hotel rates. And I was mightily surprised to find that, besides the hotels, which are as elaborate as you please, there are hundreds of good, cleanly, wholesome ranch houses in Colorado, where the rates are as low as \$8.00 a week, and they give you mighty good fare."

That folder is published by the Burlington railroad to show folks how they can enjoy a vacation in Colorado at a very reasonable expense. And I'd like to mail you a copy of it—free. It tells all about the country, gives a complete list of hotels and boarding houses, addresses, rates, conveniences, elevation and nearby attractions.

Let me send these, and if you wish I can tell you all about the trains and cost of railway tickets to the most wonderfully charming country in America. Send me a postal quick.

NEEDFUL KNOWLEDGE.

Maryville People Should Learn to Detect the Approach of Kidney Disease.

The symptoms of kidney trouble are many. Disordered kidneys often excrete a thick, cloudy, offensive urine, full of sediment, irregular of passage or attended by a sensation of scalding. The back may ache, headaches and dizzy spells may occur and the victim is often weighted down by a feeling of languor and fatigue. Neglect these warnings and there is danger. Delay often proves fatal.

You can use no better endorsed kidney remedy than Doan's Kidney Pills. Here's Maryville proof of their merit. Mrs. C. McMonigal, 706 East Second Street, Maryville, Mo., says: "I suffered for years from disordered kidneys and at times the pain in my back was so bad that I had to scream. I couldn't rest well and had dizzy spells. Since I used Doan's Kidney Pills I have felt better in every way. I can certainly recommend them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

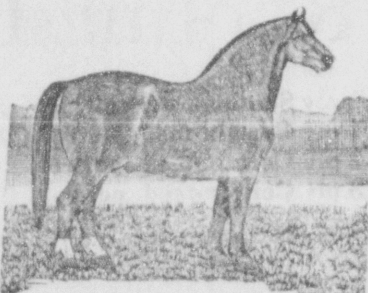

Remember the name—Doan's—and take no other.—Advertisement.

LABOR PARTY TO AID SUFFRAGISTS

Endless Chain of Volunteers to
Print Militant Newspaper.

LEGISLATORS TO BE FIRST.

Kier Hardie to Take Place of Colleague If Latter Is Arrested—Believed That Government Will Be Forced to Capitulate.

London, May 14.—In the fight against the government for a free press the labor party, after mature consideration, has decided to adopt a plan which is new to England, but has been found effective by German Socialists in combatting stringent press laws.

Should the government prosecute James Ramsay MacDonald for printing "Suffragette," he will be succeeded as manager by James Kier Hardie, who, in turn, would be followed by other labor leaders, until the government is forced to capitulate.

These two labor members of parliament announced their readiness to undertake the responsibility of printing "The Suffragette," contending that it is illegal to suppress newspapers in advance, and declaring that they are ready to stand by the consequences.

Her View Too Personal.

Katharine Strange, proprietress of a tea pavilion, which was burned in Kew garden by the militant suffragettes, described at the trial of "General" Drummond a visit she made to Miss Rebecca Kerr, after the destruction of the property. Miss Kerr told her that she took much too personal a view of the matter. Miss Kerr said the women employed in the tea pavilion, although they had lost their jobs, would ultimately be very glad that they lent a helping hand to their fellow women. Anyway, she continued, the only means of rousing the government was to attack private property and this the militant suffragettes intended to continue to do until they had obtained the vote.

MISSING VERSES OF NEW TESTAMENT TRANSLATED.

London, May 14.—Some long missing verses of the New Testament are included in the manuscripts of the gospel discovered in Egypt six years ago and purchased by Charles L. Freer of Detroit, according to a study made of the Freer manuscript by the Times. A fac simile of the manuscripts has been presented to the British Museum by the University of Michigan, to which Mr. Freer assigned the task of publication and, according to the Times, there have been found in the gospel of St. Mark several verses which occur in no other known manuscript of the New Testament.

LEAK IN NAVY DEPARTMENT

Secret Service Investigating Theft of Documents.

Miss Babe Holt, who has been attending school in Maryville and making her home with her aunt, Mrs. J. E. Bailey, went to her home in Chillicothe Wednesday.

Miss Emma tSarr went to Trenton Wednesday for a several weeks' visit with her mother.

Miss Altha McGraw of Gilman City returned home Wednesday.

FALLING HAIR.

Many People Have a Simple Way of Stopping It.

It was Dr. Sangerbond, of Paris, who first discovered that dandruff and falling hair were caused by a microbe.

And now that Parisian Sage, the remedy that kills the dandruff germ is sold in every town in America, the clean people of this country have awakened to the fact that dandruff is unnecessary; that falling hair and itching scalp can be quickly stopped, and that people who use Parisian Sage will never grow bald.

To every reader of the Democrat-Forum who wishes to eradicate disgusting dandruff, stop falling hair, and have an immaculately clean scalp, free from itchiness, we make this offer:

Parisian Sage is sold by druggists everywhere, for 50 cents a large bottle. It is an ideal, daintily perfumed hair dressing, free from grease and stickiness, and will cause hair to grow lustrous and luxuriant. Sold and guaranteed by the Koch Pharmacy.—Advertisement.
